

THE CENTRAL RECORD

EIGHTEENTH YEAR.

LANCASTER, KY., WEDNESDAY, JULY 24 1907.

NUMBER 17

Items of Local Interest

Cut the weeds.

Sprinkle the street in front of your house.

A small crowd was in town Monday, and business was dull.

Sunday was hot as blazes and attendance at the churches was small.

There are many strangers within our gates this week. Help make 'em have a good time.

Our correspondents forgot us this week, or rather forgot that we were going to press earlier.

A Record man thanks Mr C W Anderson for early corn and cabbage taken from his excellent garden.

The telephone lines are rapidly becoming straightened out. We will soon have the best service in the state.

The wheat crop panned out very poorly in some sections, and a few crops were not worth cutting. Other crops were about up to the average.

Only \$1.50 To Cincinnati Sunday

The L and N will run another cheap fare excursion to Cincinnati next Sunday, leaving Lancaster at 5 a. m. Fare \$1.50 for the round trip. Train arrives in Cincinnati at 10:30 a. m. and does not leave for the return trip until 7:30 p. m. Many attractions in the city, and a big crowd will go.

Killing Competition.

In its investigation of the Tobacco Trust the Government will show that in addition to the numerous small plants which have been driven out of business, forty two large factories have been closed by purchase, in the effort to eliminate all competition. More than a million dollars was spent in Kentucky in the purchase of plants.

A Fine Entertainment.

The entertainment given at the court house Friday evening, for benefit of the Grove C E Society, was one of the best ever presented in Lancaster, and was greatly enjoyed. We regret that the date was fixed at that time, as a protracted meeting and other causes prevented many people from being there who would have attended. The entertainment was under direction of Miss Lillian B Leavell, and the splendid program showed that she understands the selection of what will please the people. We regret that lack of space prevents an extended notice of each number. Those who took part were Misses Lillie B Leavell, Bertie Jean Penney, Edith Myall, Helen Gill, Miss Ean E Smith and Prof J W Ireland, the accompaniments being played by Miss Edith Moore. All are splendid musicians, and the audience showed appreciation of the splendid work by repeated encores. The Record joins all who attended in wishing for a return visit by these accomplished musicians.

Kill some more dogs.

Who said this would be a "mild" summer?

Haag's monster shows, Monday, the 29th.

Old Humidity has unanimous consent to take a vacation about now if he wants it.

The Record office has just turned out the catalogue for the Lancaster colored fair. Get a copy at any of the stores.

The fourth quarterly meeting will be held at the Lancaster Methodist Church the first Saturday in August.

Haag's shows have some of the best clowns in America. The actors are the best and the animals the rarest carried by any show this season.

Haag's shows will pitch tents in Lancaster next Monday, the 29th. The show has a herd of performing elephants, many wild beasts, many ponies and other attractions which will draw a big crowd to town. See big ad on another page.

The Cynthiana Elks have issued handsome catalogues for their big fair, which will be held July 31 to Aug 3. Clever Jim Allen is the secretary of this big entertainment, which will be one of the best in Kentucky.

Few drunks were gathered in Monday. The arrest was something so unusual that a large crowd was attracted by the occurrence. Lancaster, once noted for her lawlessness, is now as quiet as a county grave yard, and it has all been brought about by securing officers who play no favorites and who do their duty to the letter.

Meeting at Hubble.

A protracted meeting will begin at the Hubble Methodist church on Monday, the 29th, and will continue for ten days or two weeks. It will be conducted by Rev P H Davis, who is city missionary in Louisville.

Buys Store.

Mr B E Corder, of Somerset has bought out the stock of Groceries of S D Turner on Depot street, and will run a first class Grocery in the Jones store house on opposite side of street. Mr Corder is an experienced merchant and will add a general line of Dry goods and notions to his stock later. He has engaged Miss Fannie Austin as sales-lady where she will be glad to wait upon her many friends.

Jessamine Will Come.

Nicholasville Journal:—Jessamine will be well represented at the Lancaster fair next week. There are no better people anywhere than those that live in old Garrard. They know how to make people "feel at home" and if you do not have a good time, it is your fault. The fair management promises a fine show of horses, mules, cattle, hogs and poultry. Many free attractions, including a homing pigeon race.

Lively Times in Lancaster.

This week is certainly an interesting one in Lancaster. The big fair is on, a large tented theatre is giving nightly shows on Richmond street, a circus will be here, there will be two or three big dances, while every home is chock full of visitors. Verily, times are lively, so let's enjoy ourselves.

Preaching in Park.

Owing to the hot weather, Mr Faulconer is conducting his meetings in the park every evening, and large crowds gather there to hear his eloquent and earnest sermons. These services will be held in the Park all week, the weather permitting. Everybody is cordially invited to attend. A large platform has been erected and the speaker can be seen and heard.

The Record's Cartoons.

The Record is the only paper in the state using cartoons of local people. Many of our readers have told of their appreciation of this feature, and we are glad to know that our efforts are well thought of. They are expensive to have cast, but we want to please our readers. The drawings are made by Mr Clay Sutton, a local artist whose work has brought forth much favorable comment from men experienced in the art of drawing from memory, as Mr Sutton does.

Interest Continues.

Interest in the meetings conducted by Rev H N Faulconer, at the Presbyterian church, continues, and the house is well filled every evening. As stated in last issue of The Record, Mr Faulconer is preaching some exceedingly interesting sermons, and all who hear them are greatly benefitted thereby. Mr Faulconer is a close student, a good speaker and a thoughtful man, who will do great good in the world. The meetings will close next Sunday night.

The Colored Fair.

The colored fair will be held Thursday, Friday and Saturday, Aug 8, 9, 10. This office has just turned out a handsome catalogue for this fair, and it gives a list of very liberal premiums and well arranged programs for each day. The association has secured Jas. H Wilson's famous Lexington band, and splendid music is assured. This association is composed of Lancaster and Garrard county's best and most prominent colored people, and the exhibitions always reflect great credit upon them.

Big Crowd At Crab Orchard.

The warm weather has driven a big crowd to Crab Orchard Springs, and reports from there say a more happy and contented lot of people could not be found anywhere. Mr and Mrs Willis certainly know how to entertain their guests and the splendid table and health giving waters make a stay there one of pleasure and inestimable benefit to the health. The property has been greatly improved and the resort gotten back into its old-time form, so well remembered by the people of many states.

The Big Danville Fair.

The big fair at Danville will be held July 31 and Aug. 1st and 2nd this year, and the exhibition will surpass any of the many good ones given heretofore in that hospitable and progressive city. The catalogue is a very handsome one, and you may have a copy by writing a postal to H C Bright, the secretary. The Danville fair is always a success, as it is conducted on business principles and under the management of men who know how to get up the very best. As usual, a big crowd from Lancaster and Garrard county will attend.

Popularity Contest.

The popularity contest, inaugurated under the auspices of the Lancaster Fair is waxing warm, the friends of each young lady doing all in their power to help their favorite win. Tickets are given with each five cents purchase, and on all accounts paid at the following stores: R E McRoberts, H T Logan, Gill, Walker & Simpson, Joseph Mercantile Co, J C Robinson, Mount & Elkin and R Zimme. Don't fail to ask for these tickets, they cost you nothing, and cast them for your favorite. The winner gets a \$30 gold watch. See the watch at Morrow & McRoberts'. The vote, as The Record goes to press, is as follows:

Miss Flora Zeigler	1,777
Miss Joan Mount	950
Miss Margaret Mount	312
Miss Angie Kilunard	256
Miss Irene Romans	157
Miss Mittie Dunn	105

All In Readiness for the Big Lancaster Fair.

Biggest and Best Fair Ever Held in Lancaster Commences Today and Will Continue Through Friday.

Fine Show of Stock. Superb Music. A Tremendous Crowd. Everybody to Have Good Time.

President Billy Burton, while one of the best horsemen in the State of Kentucky, cannot suppress his admiration for the mule, and it is with great difficulty that his friends keep him from riding one of his long eared pets into every ring.

Don't miss a day.

Everybody's going.

Don't miss the hog show.

No fakirs on the grounds.

Zimmer will serve a fine dinner.

The Homing pigeon fly will be great.

Biggest show of stock in Central Kentucky.

The fancy turnout ring will be better than ever.

Concerts by Weber's band every morning and afternoon.

The stores, banks, etc. close promptly at 12:30 each day. They will open after the fair.

The chicken show will be great, as a fine lot of fowls have been shipped here by leading breeders. Several local people will also have displays. The chicken show is a winner.

Bud James, with a string of dandies, is here and expects to take the lion's share of blue ties.

Mat Cohen is here with a string of winners. In fact, Mat is "A Winner" himself. He's all right.

It is estimated by the officers that there are 250 of the finest horses in Kentucky here for the show.

All public conveyances carrying passengers to the fair grounds for 15 cents each way are not charged a license fee.

There are so many fine horses here that stable room is at a premium. However, the management has taken good care of all.

President Burton never tires in entertaining the visitors. He is never so happy as when doing something for the pleasure of visitors.

The hop tonight is given by the Lancaster Cotillion Club, to which many invitations have been issued. Tickets of admission will be required of all who attend.

The Lancaster Hop Club will give a big ball at Amory Hall Thursday evening. Weber will play and a delightful time is anticipated.

Six car loads of fine cattle came in today to be shown at the fair. This alone will bring a tremendous crowd. Some of the finest herds in the state are here.

The award badges are beauties. The old-time blue and red ribbons were discarded and handsome badges bought. The winners will delight in preserving these badges.

The Record's artist wanted to picture several other members of the fair association, but they have all been bustling around so, he could not catch them still long enough.

A finer collection of hogs was never gotten together in Kentucky. The decision to have this display was a wise one, for it is the first time our people have ever been given an opportunity to see such a collection. The pens are well arranged, not crowded and in a good location.

Don't lug a basket to the grounds but go to Zimmer's table and get a first class dinner, served at a regular table and in the best possible manner.

Secretary Elkin, a fine likeness of whom appears in this issue, has worked like a trojan. He's the best secretary in the state. If you have any questions to ask, stop him from his work and make him tell you. Oh, no, he's not busy.

The display of cattle is the best to be seen in Central Kentucky. The Hagan cattle, from Lexington, are attracting much attention. Mr Hagan is one of the richest men in the country and has spent a fortune in getting this herd together.

Lancaster has best band in the country to play for its fair. Weber's is the prize band of America, and the music will be the best furnished in Kentucky this year. This band cost a mint of money, but the directors believed a good band would prove a winning card, and it is certain to do so.

VICE PRESIDENT H. T. LOGAN, always the prince of good fellows, will be ready to extend the glad hand to all visitors. Logan is the goods, all right, all right.

DIRECTOR JOHN M. FARFA loves a fine horse and always rides a "good un." He's the hustliest hustler in the bunch when it comes to making arrangements.

Secretary R. L. Elkin is the most popular man on the grounds, and is always surrounded by an admiring crowd. If you don't know him, look him up and meet him. Anybody will point him out to you.

Member Ky. Press Association.

Lancaster, Ky., July 24, 1907.

Family reunions are the order of the day. In these gatherings of large family connections formal organization is usually effected and some member, considered especially qualified for the work, is appointed historian, with a more or less complete family record as the result. The work of genealogical students of a later generation will find their labors much expedited by these compilations.

Smokers who have been longing to break themselves of the tobacco habit will rejoice to know that a French doctor has invented a fluid called nicotyl, one drop of which will cause a man to have nausea at the mere thought of tobacco. This may be a graver peril to the tobacco trust than government prosecution.

The earl of Easton, a British colonel, says that the only way to abolish war is to abolish uniforms on the theory that, "Man ardently desires a uniform; woman ardently admires it." Possibly the end could be attained by making military uniforms unattractive, and those of pacific organizations more gorgeous.

"The blonde is passing," sagely observes a would-be ethnologist. Of course she is passing all the time, as any one can testify who looks out on the street. Really, red-headed—beg pardon, golden-haired—girls never

were so numerous before. The supply of white horses doesn't begin to go around.

A Long Island woman, who has been housekeeper for thirty years for a well-known family, has just died leaving an estate valued at \$365,000. This will not surprise people who try to hire housekeepers and cooks. How much the woman's employers are now worth is not stated.

The total number of immigrants landed in this country last year was 1,285,349, and yet American farmers are "hollering" for help and the farm nine call for cooks is universal.

In this deadly conflict between the evaporation and the humidity it is the innocent bystander that gets hit and can't dodge.

Long Live The King!

Is the popular cry throughout European countries: while in America, the cry of the present day is "Long live Dr King's New Discovery, King of Throat and Lung Remedies!" of which Mrs Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the proven remedy. Guaranteed R E McRoberts Druggist. 1m

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. You May Not Think

of it, but it does make a big difference to you who makes the clothes you wear; especially if the maker is willing to tell you what he makes them of; and how.

That's one thing we like about Hart, Schaffner & Marx clothes; they are made of strictly all-wool fabrics and the makers seem to want everybody to know it. They advertise the fact extensively: it's the most important fact about any clothes.

There are plenty of good looking clothes for sale that are not all-wool; the makers don't claim that they are; they don't say much about it.

We like to sell clothes that our customers can be positive about; goods that you don't have to take anybody's word for; clothes you know are good. It's easy to sell such clothes; and they're a satisfaction to everybody.

After a lingering illness, Mrs Jesse Doty died at her home, in this city, at an early hour Sunday morning. Mrs Doty had been in very poor health for a long time, and several times her life was despaired of, but she rallied and was some better for a time. She grew very much worse Friday and gradually sank until the end came at the time mentioned. HYOMEL CURES CATARRH

No Healing Balsam Kills An Catarrhal Germs—Sold Under Guarantee.

There is no more common disease than catarrh, and none that is more dangerous. It weakens and debilitates the whole system, if it is allowed to run, leads to serious, and sometimes fatal complications.

It is a noteworthy fact that among the many medicines and treatments for catarrh, there is only one which is sold under a positive guarantee to refund the money if it does not cure. —Hyomel, Nature's remedy for the cure of catarrh.

No dangerous drugs are taken into the stomach when Hyomel is used. Breathed through the small pocket inhaler that comes with every Hyomel outfit, its healing balsam penetrates to the most remote cells of the throat, nose, and lungs, killing the germs of catarrh, healing the irritated mucous membrane, and making complete and lasting cures.

The complete Hyomel outfit, consisting of an inhaler that can be carried in the purse or vest pocket, a medicine dropper, and a bottle of Hyomel, costs only \$1. The inhaler will last a lifetime, while extra bottles of Hyomel can be procured, whenever needed, for only 50 cents.

We are selling a good many Hyomel outfits at this season, and we have so much confidence in the remedy that we guarantee to refund the money in case it does not cure.

Fruit Scarce.

The raspberry crop was a complete failure, as was also the peach and pear crop. This brings up a proposition for the house wife, who always puts up these delicious fruits for winter. The blackberry crop, however, is fairly good, and all brought in will find a ready sale at a good price. There's nothing better than blackberry jam, and the success of the crop is hailed with delight.

A Memorable Day.

The form for these accounts can be obtained by the road overseers of the county from the county judge or the county attorney. 3t

Ulcer of the Stomach

Insidious Nature of the Disease—How to Recognize and Cure It.

Ulcer of the stomach may exist for years without very marked symptoms, excepting those caused by indigestion. It is due to an inflammation which affects the membrane of the stomach so that it is eaten away by the gastric juices.

In good health, the stomach resists the action of the gastric juices, but when weakened, the membrane is badly nourished and the digestive fluids act upon it as well as upon the food, keeping up until perforation of the stomach occurs. In advanced cases of ulcer of the stomach there is much discomfort after eating, with a constant gnawing sensation between meals, pain from the pit of the stomach back to the shoulder blade.

At the first symptoms of indigestion, treatment should at once be started with M-O-N-A. This is a scientific remedy adapted specifically to one purpose, the cure of stomach troubles. It is so uniformly successful that a signed guarantee is given with every 50 cent box that the money will be refunded if it does not cure.

M-O-N-A is not a patent or secret remedy, but is a combination of the purest and most reliable of remedies for strengthening the digestive organs and building up the whole system. Use it for a few days and there is no reason why you should not be able to eat any food you like at any time without fear of distress.

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking **FOLEY'S KIDNEY CURE** at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and **FOLEY'S KIDNEY CURE** should be taken at once.

I have one of the Whitaker Automatic Gates that I have used for about seven months, it has not been out of repair in the least, and has not given me one moments trouble so far, and can't see how it will. I like it splendid.

Respectfully, J. C. Rucker.

Very respectfully, S. D. Cochran.

Buckeye, Ky.

I was the first in this county to purchase one of these gates. I am well pleased with it and would not do without it one year for the cost of the gate. I advise every one that needs a good gate to buy one, they are all right.
